### SPECIAL NOTICE TO STUDENTS

The catalogue of East Carolina Teachers College, issued in the spring of each year, is intended to give such a description of the work of the college and such a digest of its regulations as are needed by students. Although the courses announced and the regulations given are fairly continuous from year to year, neither of them is valid beyond the succeeding year, for before the end of the succeeding year a new catalogue will have been issued, superseding all previous catalogues.

Ordinarily a student may expect to be allowed to secure a diploma or a degree in accordance with the requirements of the curriculum laid down in the catalogue in force when he first entered the College (see regulations) or in any subsequent catalogue published while he is a student; but the faculty reserves the right to make changes in curricula and in regulations at any time when in its judgment such changes are for the best interests of the students and of the College.

## GENERAL INFORMATION

---

East Carolina Teachers College was established by an Act of the General Assembly, ratified the 8th day of March, 1907, under the name East Carolina Teachers Training School. The charter is found in Consolidated Statutes, chapter 96, amended by Extra Session 1920, 1921, and 1925, and as amended, is as follows:

### A BILL TO BE ENTITLED AN ACT TO CHARTER THE EAST CAROLINA TEACHERS COLLEGE

*The General Assembly of North Carolina do enact:*

SECTION 5863. That the trustees of the East Carolina Teachers College, established by an act of the General Assembly of North Carolina of one thousand nine hundred and seven, and located at Greenville, North Carolina, shall be and are hereby constituted a body corporate by and under the name and style of "The Board of Trustees of the East Carolina Teachers College," and by that name may sue and be sued, make contracts, acquire real and personal property by gift, purchase or devise, and exercise such other rights and privileges as are incident to corporations of like character as are necessary for the proper administration of said college.

SEC. 5864. That the said college shall be maintained by the State for the purpose of giving young white men and women such education and training as shall fit and qualify them to teach in the public schools of North Carolina.

\*\*CHAPTER 320, SEC. 1. That the trustees . . . of East Carolina Teachers College . . . be and they are hereby authorized and directed to fix the tuition fees . . . in such amount or amounts as they may deem best, taking into consideration the nature of each department and the cost of equipment and maintaining the same: and are further instructed to charge and collect from each student, at the beginning of each semester, tuition fees an amount sufficient to pay room rent, servants' hire and other expenses for the term . . . it being the purpose of this act that all students in State institutions of higher learning shall be required to pay tuition, and that free tuition be and the same is hereby abolished, except for such students as are physically disabled and who are so certified to by the Vocational Rehabilitation Division of the State Board of Vocational Education, who shall be entitled to free tuition. . . .

---

\*\*From Acts of 1933.

\*SEC. 1. That the board of trustees of East Carolina Teachers College shall consist of twelve members to be appointed by the Governor and confirmed by the Senate and the State Superintendent of Public Instruction as an ex officio chairman, making thirteen members of the board in all. Provided, that the twelve members appointed by the Governor and confirmed by the Senate each shall serve for a period of six years or until his successor has been appointed. Provided, further, that the first board under this act shall be appointed as follows: one member for two years, four for four years and four for six years. Provided, further, that the term of office shall begin July first of the calendar years ending in an odd number, i.e., July 1, 1929. Provided, further, that all of the members of the present board appointed prior to nineteen hundred and twenty-seven shall hold office to June thirtieth, nineteen hundred and twenty-nine.

\*\*SEC. 13. Each of the Directors, Trustees, managers or other persons whose appointments are herein provided for, shall hold office until his or her successor or successors have been appointed, and qualified according to law.

\*\*\*SEC. 2. That members of the board of trustees shall not be removed from office except upon complaint filed by the Chairman of the Board and the case heard before the Governor and the Council of State. Provided, that whenever a trustee shall fail to be present for one year at the regular meeting of the board, his place as trustee shall be deemed vacant and said vacancy shall be filled by the Governor subject to the approval of the Senate when it next convenes.

SEC. 5867. That the board of trustees shall have power to prescribe the course of study and shall lay special emphasis on those subjects taught in the public schools of the State and on the art and science of teaching.

SEC. 5868. The board of trustees shall make no rules that discriminate against one county in favor of another in the admission of pupils into said college.

SEC. 5869. That when, in the judgment of the board of trustees, the best interest of the college will be promoted thereby the board may decline to admit young men into the rooms of the dormitories.

SEC. 5870. That all rights and titles heretofore acquired in any way for the use and benefit of said college shall vest and remain in the said board of trustees as herein incorporated.

---

\*Enacted by the General Assembly of 1925, amended by the General Assembly of 1927, and 1929.

\*\*Enacted by the General Assembly of 1925.

\*\*\*Enacted by the General Assembly of 1929.

SEC. 5871. That the trustees shall report biennially to the Governor before the meeting of each General Assembly, the operation and condition of said college.

### LOCATION

The College is located in the town of Greenville, Pitt County, North Carolina, on a tract of one hundred acres. The site is well-nigh ideal; part of the land is covered with a growth of native trees. This woodland furnishes a fine setting for the buildings and is full of attractive walks and nooks for the students. The college is situated on a hill and the sloping lawn makes a beautiful front campus. Greenville is at the junction of the Norfolk-Southern and the Weldon-Kinston Branch of the Atlantic Coast Line. It is on state highways 11, 43, and 264.

### HISTORY

The General Assembly passed an act authorizing the establishment of the College March 8, 1907.

Ground was broken for the first building July 2, 1908.

The first regular session opened October 5, 1909.

Only one-year and two-year curricula were offered.

The first summer school was held May 24 to July 30, 1910.

The first class was graduated from the two-year normal curriculum June 6, 1911.

The College was authorized to offer a four-year curriculum and to grant the Bachelor's degree November 20, 1920.

The first degrees were conferred June 1922.

The College was authorized to grant the Master's degree August 22, 1929.

The first Master's degree was conferred in August, 1933.

The plant of the College, at present, consists of a campus of approximately one hundred acres, on which there are twenty-one buildings appropriate to the work of the College.

### AIM

As is seen in the act of the General Assembly, section 5864, the object of the State in establishing and maintaining the College is to give "to young white men and women such education and training as shall fit and qualify them to teach in the public schools of North Carolina."

The aim of the College is to teach its students not only subject-matter but also the processes by which the learning mind functions. Its purpose is to give the students:

1. Such knowledge of the studies taught in the public schools as a teacher must have in order to teach them properly.

2. A knowledge of other studies that are related to the branches taught in the public schools.

3. A knowledge of the mental and physical powers of the child and their methods of development.

4. A knowledge of the principles of education and methods of teaching.

5. The practical application of these principles in the actual work of the schoolroom by practice teaching.

6. A knowledge of the methods of organizing and managing schools.

7. A knowledge of the school law of the State.

In brief, this institution aims to prepare teachers, both theoretically and practically, for teaching in the public school of North Carolina.

### DISCIPLINE

In conducting a college for young men and women who are about to assume the responsibilities of so serious and dignified a profession as teaching, there should be no occasion for arbitrary and iron-clad rules. Each student should attend promptly and faithfully to every duty and have due consideration and regard for the rights and privileges of others.

No rules are made by the College authorities except those necessary to govern routine work, but if the pupil is found to be falling behind in his studies, neglecting his duties or exerting an unwholesome influence, prompt steps are taken for his amendment. If a pupil does not show a disposition to conform to high standards of conduct he is not considered a good prospective teacher; and if he is found unresponsive to patient endeavors to bring him into the proper attitude to his duties, he is requested to resign his place in the College. Every effort is made to lead the students to choose the right, and the results have been wholly satisfactory.

In the spirit of the institution is found the discipline of the College.

#### STUDENT GOVERNMENT

To promote a sense of personal responsibility in the students of the College a Student Government Association has been inaugurated, subject to the approval of the president of the College and of an advisory board. This organization adopts such regulations as concern the entire student body. The association has so administered its duties as to merit the approval of both faculty and students.

#### HEALTH

There is a central heating and lighting plant that provides steam heat and electric lights for all the buildings. A modern system of ventilation is installed. All those things necessary for sanitary conditions are of the best type procurable. The College gets its water from the town of Greenville. The town owns its waterworks and has the water examined frequently, thus insuring its purity. In short, the college life of each student is made as comfortable as can be, and every possible precaution for health is taken.

The health conditions in the College from the first, have been entirely satisfactory.

### MEDICAL ATTENTION

The College physician visits the institution whenever needed. Two resident nurses are in charge of the Infirmary. This building is equipped with all the necessary furniture. Heating, lighting, plumbing and ventilation are modern.

### STUDENTS OUTFIT

Each student is expected to bring for her own use the following articles: Two pairs of sheets, one pair of blankets, two counterpanes, two pillow-cases, six towels, covers for dresser and table, a spoon, and a glass.

Only single beds are used.

Note: The college laundry stamps each student's wash with a personal mark for identification.

### BUILDINGS

**ADMINISTRATION BUILDING.** This building was constructed in 1929-30, and is given over entirely to administrative offices. It contains the offices of the President, the Treasurer, the Registrar, and of the Placement Bureau.

**AUSTIN BUILDING.** The Austin Building is the former Administration and Class Room building. It contains thirty class rooms, the stationery room, the book room, teachers' offices, music rooms, and an auditorium where chapel exercises and other general assemblies of students are held.

**SCIENCE BUILDING.** The science and the home economics departments are housed in this building.

**DORMITORIES.** The college is equipped with dormitory space to accommodate 787 students in four dormitories for women students as follows:

Wilson Hall .....	192 students
Jarvis Hall .....	162 students
Fleming Hall .....	190 students
Cotton Hall .....	288 students

Each dormitory room is provided with two single iron beds with springs, mattress and pillows, two chairs, a table, a lavatory, a bureau, a wardrobe—all the necessary furniture for comfortable living.

**RAGSDALE HALL.** Ragsdale Hall is a dormitory fully equipped for the accommodation of women members of the faculty and other women employees of the college. Its equipment is similar to that of the dormitories for students.

**MEN'S DORMITORY.** The first floor of Ragsdale Hall has been converted into a dormitory for men. Thirty-five men students can be accommodated in these comfortable and well lighted quarters.

**FACULTY RESIDENCES.** On the campus are four residences which are rented to members of the faculty.

**ROBERT H. WRIGHT BUILDING.** The Robert H. Wright Building was named in honor of the first president of the college, who held the office for twenty-five years, and sponsored its construction. It contains a main auditorium, halls for the literary societies, the office of the Alumni Association and rooms for the physical education department.

**THE LIBRARY.** The Library, located on Wright Circle, was erected in 1927. It is a fireproof building and is used entirely for library purposes. The reading rooms will accommodate 200 readers and the stack room has an ultimate capacity of 65,000 volumes. The book collection numbers more than 28,000 volumes and is being added to at the rate of 3,500 a year. Approximately 180 magazines and newspapers are received. Instruction in the use of the library is given all freshmen and students are encouraged to take advantage of its facilities.

**DINING HALL.** The dining hall is one of the most attractive buildings of the institution. The equipment in the kitchen is modern in every sense. For the preservation of meats, vegetables, and other foodstuffs, the College has a refrigerating plant of the best type. The dining hall is under the direction of a trained dietitian and

each menu is made out with much care—the object being to provide for the student body the most wholesome food and to see that this food is prepared in the best way possible.

**COLLEGE POSTOFFICE.** The college postoffice is located in a wing of the dining hall. Students, faculty, and officers of the college may secure postoffice boxes for convenience in getting their mail. Regular mail deliveries from the downtown office are received at least twice a day and outgoing mail is taken up at the same time.

**LABORATORY SCHOOL.** The College has a well equipped school building on the campus for practice teaching purposes in the elementary grades. This school has an enrollment of over 500. For practice teaching in high school subjects, the College has a coöperative arrangement with the Greenville High School. This school has an enrollment of about 736.

**THE LAUNDRY AND POWER PLANT.** The laundry and the power plant are under the same roof. The equipment here, as in the other buildings, is of the best possible type. The laundry has all the necessary equipment for efficient laundry work.

The power plant supplies sufficient power for heating and lighting the College and for refrigeration. There are two sets of units, so that if one is out of commission the other may be used, thus preventing inconvenience, as well as saving wear and tear on machinery.

### STUDENT PUBLICATIONS

The *Teco Echo*, the college paper, is published twice a month by the students. It carries the usual college and alumni news, and is designed to furnish an outlet to student expression on all matters pertaining to their educational development.

*The Tecoan* is the college annual. It is published by the students at the close of each regular school year.

### ORGANIZATIONS

The attitude of the College toward organizations is to encourage those that are intended to preserve health, develop character, promote a spirit of democracy, and advance the educational welfare of the students.

### ATHLETICS

Physical education and athletic facilities are provided for both men and women students. The Student Athletic Association fosters both intra-mural and inter-collegiate athletic contests. Facilities are provided for tennis, volleyball, basketball, football and baseball. While athletics for men is relatively new in the College the men's athletic teams made gratifying progress during the past few years. Students are encouraged to take a sufficient amount of exercise, both indoor and outdoor, to insure good health.

Tennis, volleyball, and basketball clubs have been organized by the students; games are played with outside institutions, and much good has been derived through the friendly contests held on the campus. A cross-country walking club has been one of the features in athletics. These sports are encouraged not only for the physical training that is gained through them, but for the contributions which they make toward character-building. On the athletic field the student gains the power of self-control—a most valuable asset to every person who expects to become a teacher.

To be eligible for participation in inter-collegiate athletics a student must meet the minimum residence requirement of the college in credit courses carried per quarter. Twelve quarter hours is the minimum requirement for the current year.

### YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The religious interests of the College are centered in the Young Women's Christian Association. This association was organized in 1909, since which time it has done very effective work in promoting high ideals among the

students. All students are urged to take an active part in this phase of college work. Regular devotional meetings are held.

The organization has its own building for religious and social activities.

Every year this Association sends delegates to the Southern Student Conference, held at Blue Ridge, North Carolina, where methods are studied for the better prosecution of the ensuing year's work.

The Association renders efficient aid in meeting new students and in the organization of the College at the opening of the fall quarter.

#### OTHER ORGANIZATIONS

Among other organizations on the campus are:

Student Body Association for Women

Student Body Association for Men

Student Council

Varsity Club

Glee Club

Orchestra

Band

Literary Societies

Edgar Allan Poe

Sidney Lanier

Emerson

Department Clubs

English, Mathematics, Science, Commerce

History, Home Economics, French, A branch of the National Association for Childhood Education

#### STUDENT LOAN FUNDS

Since the founding of the College in 1909, graduating classes, alumni, organizations, and individual friends of the College have contributed towards loan funds for worthy students.

The first gift towards a loan fund was made by the class of 1911, the first class to be graduated from the Col-

lege. For more than a decade, each succeeding class made a liberal contribution towards that fund which was called the "Students Loan Fund." The class of 1922 named their gift the "Wilson Loan Fund." The alumni established the "Beckwith Loan Fund" and the "Austin Loan Fund." The funds from the above sources now total \$3,418.28.

Other donors of loan funds together with present values of those loans are listed below:

The A. B. Andrews Loan Fund.....	\$ 4,582.73
The Beckwith Loan Fund.....	556.78
The Kiwanis Loan Fund.....	144.19
The Pitt County Loan Fund.....	2,695.96

The Austin Loan Fund.....	606.41
The General Loan Fund.....	2,831.46
	<hr/>
	\$29,973.11

\*THE ADDIE FULFORD RODMAN MEMORIAL LOAN FUND, donated by Colonel W. B. Rodman in memory of his wife, yields approximately \$400 per year. This fund is in the custody of the State Department of Public Instruction.

During the school year 1933-34 two new loan funds were started—one by the Pitt County Medical Society and the other by the Greenville Tobacco Market. These two funds continue to grow.

#### APPLICATIONS FOR LOANS

Applications will be considered by the Loan Fund Committee of the College when made by students on blanks furnished by the Treasurer. The funds are limited in amount and are loaned to students only for use in their junior and senior years and on the surety of two

approved signatures. Application should be made at least two weeks before the beginning of the quarter for which the loan is desired.

### SCHOLARSHIPS

**THE ANDREWS SCHOLARSHIP.** An endowed scholarship, valued at \$100.00 annually, and known as the Andrews Scholarship has been given by Mr. A. B. Andrews in memory of his wife, Helen Sharples Andrews.

**U. D. C. SCHOLARSHIPS.** (a) The Samuel S. Nash Scholarship, \$130.00 annually, is given by the Thirteenth District of the United Daughters of the Confederacy.

(b) The Gen. James Johnston Pettigrew Scholarship, \$130.00 annually is given by the North Carolina Division of the United Daughters of the Confederacy.

Scholarships and loan funds are not available to students during their first year of college work. Preference in these awards is given to students approaching graduation and to those who have made high scholastic and citizenship records. Each loan is limited to three-fourths of the amount of the student's fees. Loans are made for only one year at a time.

### GIFTS TO THE COLLEGE

The two literary societies and the various graduating classes have left a large number of donations to the College. Among these gifts are oil portraits of the four men most closely associated with the establishment of the College, money with which to buy plants and shrubbery for the campus, books for the library, funds for interior decoration, and curtains for the stage.

### PLACEMENT BUREAU

To the Placement Bureau of the College are referred all matters relating to the placement of its graduates. Any graduate of the College is eligible for free registration in the Bureau.

The services of the Placement Bureau are available at all times to school officials, whether they wish the Col-

lege to make recommendations or seek a frank, confidential opinion regarding graduates who have applied to them for teaching positions. In responding to a call for a teacher, the Bureau endeavors to recommend those who are best equipped and adapted by training, experience, and personality for the position in question.

Since school employment officers often give preference in employment to candidates who have training and skill in extra-curricular activities, it is advisable for students to develop during their years in college one or more useful skills outside their regular class work. Skill in music, glee club, piano, orchestra, physical education, basketball, playground activities, dramatics, debating, newspaper work, etc. assist in securing a good teaching position and in rendering a desired service to employers. Students should develop skill in at least one extra curricular activity that will be of service to them as teachers. They should choose the activities in which they have some natural ability.

### HIGH SCHOOL TEACHERS CERTIFICATES

These certificates will be issued on the basis of transcripts of college records which show that a required amount of professional credit and specialized work on major subjects has been earned. Graduation from college is required.

Each applicant should meet the requirement in two or more teaching fields. Subjects for which certification is granted will appear on the certificate.

The professional requirements on all high school teachers certificates shall be 18 semester hours (27 quarter hours) as follows:

- |   |             |
|---|-------------|
| 1. Educational Psychology .....           | 2 sem. hrs. |

### **CERTIFICATES FOR TEACHING IN THE ELEMENTARY SCHOOLS**

The classes of certificates that will be issued are:

1. Elementary School Supervisor's certificate.
2. Elementary School Principal's certificate.
3. Grammar Grade or Primary Certificate, Class A.
4. Grammar Grade or Primary certificate, Class B.

Before any certificate will be issued for teaching in the elementary schools, the records from the institution in which the applicant received his training, must show that he has reached a satisfactory state of proficiency in spelling and penmanship. The certification will be made by the institution and will appear on the record.

Grammar and primary certificates, Class A, require graduation from a standard four year college or the equivalent, embracing not less than 120 semester hours.

Grammar grade and primary certificates, Class B, are issued on a minimum credit of ninety semester hours, or three years of standard college work, including specific subject requirements.

#### **Primary and Grammar Grade A Certificate**

After September 1, 1939 the State Department of Certification will require the satisfactory completion of the requirements for a degree from a standard college and the specific certificate requirements as qualifications for the primary and grammar class A certificate.

**EXTENSION AND CORRESPONDENCE CREDIT**

A student is not allowed, except by special permission from his adviser, and then only when he is carrying less than the maximum amount of work, either to begin or to continue correspondence or extension courses while taking work in residence at East Carolina Teachers College.

Moreover, a student enrolled for correspondence or extension work with another college must notify his adviser when he is taking such courses. Students are held individually responsible for any violation of this regulation.

Not more than fifteen per cent of the total hours required for the completion of any curriculum shall be earned through correspondence or extension study, or both.

**FIELD COURSES****Regulations Governing Field Courses**

From time to time field courses may be offered by the college to students who desire to enroll for educational tours through certain sections of the United States. The field courses do not duplicate any other courses offered by the college, and credit for them will be counted only as free electives on the student's curriculum. Application for admission to an educational tour must be made to the Registrar of the College in the same manner as for admission to residence study.

1. Credit will be given according to the length of trip on any given course as follows:
  - a. A maximum of twelve quarter hours for a field course of 36 days with a minimum of two days on the campus before the course starts and five days on the campus at the close of the course.
  - b. A maximum of nine quarter hours credit will be given for a field course of 27 days with a minimum of two days on the campus before the course starts and three days on the campus at the end of the course.

- c. A maximum of six quarter hours credit for a field course of 18 days with a minimum of two days on the campus before the course starts and three days on the campus at the close of the course.
  - d. A maximum of three quarter hours credit for a field course of 11 days with a minimum of one day on the campus before the course starts and two days on the campus at the close of the course.
2. Not more than twelve quarter hours credit toward the A.B. degree will be allowed any student for field courses.
  3. All field courses for which credit is given shall be made by the college.
  4. The usual college regulations shall apply to the time limit for completing the work and reporting grades to the Registrar at the close of the course.
  5. Not more than thirty students per teacher shall be included in any field course.
  6. The usual college regulations as to tests, readings, etc., shall apply to field courses.

### SUMMER QUARTER

It is the aim of the College to render every service it may to advance the best interests of public education in our State. Realizing that many teachers wish to study after their schools close, that they may better equip themselves for their profession; also realizing that all the schools of the counties do not close at the same time, the College, to meet these conditions, will admit students at the beginning of any regular quarter, and in addition to this it conducts a summer quarter.

The summer quarter is equivalent in all respects to any other quarter in the college year. Credits completed in the summer quarter count toward graduation.

If there is sufficient demand for any of the courses offered in this catalogue, the course is given. See summer school bulletin for information in detail.

### **OBSERVATION AND PRACTICE TEACHING**

Observation and practice teaching are required for graduation in any curriculum in East Carolina Teachers College.

Application for the course in Observation and Practice Teaching must be made to the Registrar on a form provided, at least one month before the beginning of the quarter in which practice teaching is desired.

Since it may not be possible to admit all applicants to this work during a given quarter, they will be accepted in the order of the date of application.

The student must have an average grade of 3 on all of his college work before he will be admitted to the practice teaching group.

No student will be admitted to practice teaching until he has done two full quarters of work in this college.

Each student working for the B.A. degree must teach two quarters. This work is preceded by carefully directed observation. Practice teaching is directed by a supervising teacher in charge of each room, by teachers of subject matter and methods courses in the College, and by the Director of Training Schools, who is in general charge of this phase of work.

The supervising teachers meet the student teachers in regular conference periods, and the methods teachers have frequent conferences with them. Each student is placed in the work for which he is best fitted, then he is given careful instruction in handling children and in presenting subject matter to them. Before the close of the year each student is left in complete charge of his class for a limited time, so that he may try himself out under conditions approaching an independent teaching situation.

### **FRESHMAN REGISTRATION**

In order to facilitate the process of adjustment which the beginning student must pass through, the College has set up at the beginning of the fall quarter a "Freshman

Registration" program for all students who are entering here for the first time. The events of this program include preregistration counseling, special lectures in student traditions and College regulations, tours of the College plant, social features, and registration for the quarter. This program begins with a meeting of the entire freshman class in the auditorium at 2:00 P.M. on the first day of registration. All students entering the College for the first time in the freshman class are required to be present at all appointments comprising the freshman registration program.

### ADMISSION

Application for admission to East Carolina Teachers College must be made on a form provided by the College. It must be approved by the Registrar before the student is permitted to enroll. The application for admission must be accompanied by the reservation fee of \$5.00. This fee will be refunded if the application is withdrawn at least thirty days before the date of contemplated registration. The reservation fee becomes a registration fee if the student presents himself at the College for registration, and it is not then refundable.

The dates for registration in the different quarters of the college year are given in the calendar which appears in each annual catalogue.

Registration is not complete until all fees for the quarter have been paid or arrangements made with the Treasurer for paying them, and required forms on file in the Registrar's office.

Students are admitted to East Carolina Teachers College under any one of the following conditions:

1. The satisfactory completion of a four year course in an approved secondary school, with sixteen units of credit.
2. The equivalent of such a course as shown by passing the College entrance examination.

3. Graduation from a four-year non-standard classified high school, and passing the State Senior High School examination (for admission to College), with sixteen units of credit.

4. Evidence of having satisfactorily completed a standard secondary course in an accredited private or denominational school.

The major portion of the secondary school course accepted for admission should be definitely correlated with the curriculum to which the student is admitted.

To be admitted to any curriculum a student must be sixteen years of age.

To be admitted on a transcript from another college a student must have passed more than 50% of the credit hours of work carried during the last session in such college, and his grade average must be better than ten points below "3" or "C."

A foreign language is not required for admission.

#### PREScribed UNITS FOR ADMISSION

1. **ENGLISH** .....4 units  
 Grammar and composition—one or two units.  
 American literature—one unit.  
 English literature—one unit.
2. **MATHEMATICS** .....1½ units  
 Algebra—at least one unit.  
 One unit in arithmetic is recommended for those majoring in elementary school teaching.  
 One unit in geometry is recommended for those majoring in high school teaching.
3. **SOCIAL SCIENCE** .....2 units  
 American history—one unit.  
 Additional history, civics, or geography, one unit.
4. **BIOLOGICAL AND PHYSICAL SCIENCE**.....2 units  
 At least ½ unit in each of two fields selected from biology, general science, chemistry, physics.
5. **ELECTIVE** .....6½ units

Not more than three vocational units (in all) will be accepted from home economics, manual training, agriculture, commercial subjects including short-hand, type-writing, bookkeeping, etc.

Mathematics majors must present 2 units of algebra and one unit of plane geometry.

Applicants not meeting these requirements, and graduates of non-standard high schools may be admitted by special examination. The examination is general and covers the usual secondary school material in English, mathematics, history, and science.

### CLASSIFICATION

Students working toward the completion of a definite curriculum in East Carolina Teachers College will be registered with a definite classification, as Freshman Primary, Senior Grammar Grade, etc. Those taking a full schedule of studies for purposes other than graduation in this college will be listed as "Unclassified." Students taking a limited schedule of study (not more than six hours) will be classified as special students. Students having fewer than 43 quarter hours of credit are classified as Freshmen; those with 43 to 91 quarter hours are classified as Sophomores; those with 92 to 138 quarter hours are classified as Juniors; and those with 139 quarter hours or more are classified as Seniors.

### CREDIT

The College operates on the quarter plan. The fall, winter, spring, and summer quarters are each approximately twelve weeks in length. The College is in session six days per week. Most classes meet three days per week. A quarter hour of credit is earned by one recitation period per week for one quarter; three quarter hours of credit are earned in a class that meets three times per week for a quarter, etc.

Seniors electing courses numbered below 100 will be allowed no more than two-thirds of the credit such courses carry.

Credit will not be allowed in courses which substantially duplicate courses already completed.

### REQUIREMENTS FOR GRADUATION

Any student who receives a degree from East Carolina Teachers College must have done as much as one year (36 weeks) in residence study in this College. The three quarters need not be consecutive, but the last quarter of resident study previous to graduation must be done in this College.

Any student who receives a degree or diploma from the College must meet the requirements of the catalogue under which he enters or of some subsequent catalogue, provided that no student will be permitted to graduate under a catalogue issued more than seven years prior to the date of his graduation.

No person will be graduated from the College who has not fully met all the requirements laid down by the State Department of Certification for the teacher's certificate to which his curriculum specifically leads.

An average grade of three must be made on all courses taken, as a requirement for graduation, except that grades earned on correspondence and extension courses and those earned in summer schools other than East Carolina Teachers College, will not be so considered.

A student who changes from one curriculum to another will be required to complete fully all of the required core of the curriculum from which he is to be graduated.

Presence at graduating exercises is required, except when permission for graduation in absentia has been granted by the Registrar. A written request for such a permission must be made at least ten days before commencement.

Application for graduation must be made on a blank provided by the college not later than registration day of the last quarter the student is enrolled in the college. The diploma fee of \$5.00 must accompany the application.

Before a student is granted a diploma he is required to pass a test in spelling. Students majoring in primary and grammar grade work must also pass a proficiency test in handwriting. To pass the spelling requirement the student must make a score equal to or better than the eighth grade norm on each of two standard spelling tests. To pass the handwriting requirement the student must equal or better the quality score of seventy on the Ayer's handwriting scale. Passing scores in these tests constitute a prerequisite to practice teaching. These tests will be offered and students will be required to take them during the first year in residence. Names of those passing the tests will be reported to the Registrar's office on the form regularly used to report class grades.

Upper classmen whose written work is so poor as to lack clearness and accuracy may be reported by their teachers to the Committee on Standards in Written Composition and assigned to the English Department for remedial work until their advisers and the Committee are satisfied that they no longer need help.

#### **REGULATIONS CONCERNING STUDENTS' PROGRAM**

All regular students are required to schedule at least 12 credit hours per quarter.

Courses may be dropped within the first four weeks of the quarter provided such changes are approved by the teachers whose courses are concerned, by the student's adviser, and by the registrar. If a course is pursued for four or more weeks after registration and then dropped, that course will be reported as failed and so counted in arranging the program of work for the next quarter.

The maximum number of credit hours a student may schedule per quarter is: Freshmen and Seniors, 16; Sophomores and Juniors, 18. No variation in these limits shall be made without permission of the Committee on Classification. No student will be given permission by the Committee on Classification to schedule more class hours per

week than the maximum allowed by college regulations unless (1) his college grades average "3" or better, (2) he has a satisfactory student government record, and (3) he presents to the Committee on Classification the written recommendation of his advisers that he be permitted to schedule the additional hours.

A student cannot enter courses later than the beginning of the third week of the quarter and get credit for such courses.

A student may drop courses from his program and take other courses instead, provided such changes are made before the beginning of the third week of the quarter and provided also that such changes are approved by the teachers whose courses are concerned, by the student's adviser, and by the Registrar. A charge of twenty-five cents will be made for each subject added or dropped from a schedule at the student's option.

If a student makes one or more 5's, he shall be required during the next quarter he attends the college, to take three hours of work fewer than he carried during the quarter the 5's were made, except that all regular students must schedule a minimum of twelve hours per quarter.

A student, other than a first quarter freshman, who fails to carry successfully at least nine quarter hours of work during any quarter shall not be readmitted to the college during the next succeeding quarter. This regulation is enforced strictly.

A special student, having a schedule of fewer than nine hours, must receive a passing mark on each subject scheduled in order to be eligible to readmission to the next succeeding quarter of the college.

### CURRICULA OFFERED

In order to carry out the aims of the College the following regular curricula of instruction have been arranged and are offered:

- (a) A Four-Year Curriculum leading to the A.B. Degree, for those who expect to become Primary Teachers.
- (b) A Four-Year Curriculum leading to the A.B. Degree, for those who expect to become Grammar Grade Teachers.
- (c) A Four-Year Curriculum, leading to the A.B. Degree, for those who expect to become High School Teachers.
- (d) Course for Principals and Supervisors of Elementary Schools.
- (e) Graduate work leading to the M.A. Degree.

### FEES AND EXPENSES

#### DAY STUDENTS

The fee for day students, i.e., those not living in one of the college dormitories, is \$33.50 per quarter of twelve weeks.

#### DORMITORY STUDENTS

The fee for dormitory students is \$93.50 per quarter. This fee covers tuition, instruction, board, room, laundry, rental of textbooks, admission to college entertainments, subscription to the college paper, and infirmary service for minor illness.

#### RESERVATION FEE

A reservation fee of \$5.00 must accompany the application for admission from all students. The fee is credited to the student's account, provided he enrolls in the quarter for which reservation is made. If he wishes to withdraw his application and notifies the college in writing at least two weeks before the opening of the quarter, the fee will be returned, except that no refund of a fall quarter fee will be made if requested after September tenth.

## FEES PAYABLE EACH QUARTER BY ALL STUDENTS

	Board and Room	Registration Books, etc.	Tui- tion	Student Activity	Total
Dormitory Student	\$60.00	7.50	\$20.00	\$6.00	\$93.50
Day Student .....		\$7.50	\$20.00	\$6.00	\$33.50

All the fees above, except the student activity fee, must be paid to the Treasurer at the beginning of the quarter.

The student activity fee must be paid to the Secretary of the Student Government Association at the beginning of the quarter.

## OTHER FEES

Non-residents of N. C. (per quarter).....	\$10.00
Private music lessons (per quarter).....	7.00
Laboratory fees in certain subjects.....	2.00
Diploma fee (with application for graduation).....	5.00
Late registration .....	1.00
Changes in schedule (per subject).....	.25
Transcript (after first).....	.50
"Auditor" in one or more courses.....	6.00

Special students, i.e., day students who schedule not more than six credit hours per quarter, will pay a fee of \$2.00 per credit hour scheduled.

These fees are subject to revision by the Board of Trustees of the college.

To be exempt from the out-of-state fee:

1. The parents or guardian of a student must be residents of the state at the time of his registration, or
2. The student must have established residence in the state at least six months before he entered the college.

A resident student is construed to be one who actually lives in the State and not one who has merely moved into the State for the purpose of securing an education from one of the State Institutions.

**WITHDRAWALS, REFUNDS, CREDITS**

Students who, for any reason, withdraw from the college before the end of any quarter will have a proportionate part of the amount paid for board refunded. In addition, if a student withdraws before registration for the quarter is closed, one-half of the fees for room and tuition will also be refunded. Refund will be calculated from the date of official withdrawal from the College.

A student desiring to withdraw from college should do so with the consent of his parent or guardian and the approval of the Registrar. Students who withdraw unofficially are not eligible to re-enroll in the college.

**CREDIT.**—No degree, diploma, or certificate will be granted or a transcript of credits furnished a student until all financial obligations to the college, other than student loans, have been paid.

All previously incurred expenses at the college must be fully paid or secured before a student may re-enter at the beginning of any quarter.

## GEOGRAPHY

Mr. Picklesimer, Mr. Brown, Mr. Cummings

Geography justifies its place in the curriculum on account of its practical utility and cultural value. The instruction in this department deals with the relations and adjustments of people to their natural environment. The courses announced here include several phases of the subject.

### 10. Principles of Geography.

Given as follows: Freshmen in the Fall, Grammar Grades in the Winter, and Primary Grades in the Spring. Three hours per week. Credit: three quarter hours.

A prerequisite for all other courses in Geography except 310 and 330.

Geography 10 is the fundamental course of the department, and is designed for a serious study of geography of college grade. The first part of the course is devoted to an intensive study of the major principles of general geography. This is followed by a world-wide survey of the characteristics and distribution of climatic regions of the world, including their floras and faunas.

### 11. Human Geography.

Winter quarter. Three hours per week. Credit: three quarter hours.

This course deals with the adjustments man makes to land forms, water bodies, climate, soils, and minerals. The basis of approach is through types.

### 12. Economic Geography of the United States and Canada.

Spring quarter. Three hours per week. Credit: three quarter hours.

A study of the character of economic geography; the place and nature of agriculture; food resources; cereals, vegetables, fruits, animals, and fish; fundamentals of manufacturing; basic minerals, power; timbered areas and industries connected with the American forest; textile industries; leather and rubber; chemicals; mineral industries. Some instruction is given in the securing and presenting of geographic data.

A continuation of 11.

Laboratory fee, \$2.00.

### 111. Advanced Mechanical Drawing.

Spring quarter. Three hours per week. Credit: three quarter hours.

Intersections; stretchouts; cabinet drawing.

Prerequisite: Industrial Arts 12.

Laboratory fee, \$2.00.

### 112. Machine Drawing.

Winter quarter. Three hours per week. Credit: three quarter hours.

Machine parts including cams, gears, screws.

Prerequisite: Industrial Arts 111.

Laboratory fee, \$2.00.

### 211. Architectural Drawing.

Spring quarter. Three hours per week. Credit: three quarter hours.

This course deals with the design and construction of small houses. The student will develop a complete set of

plans, write specifications, and estimate the cost of a house. Visits will be made to houses under construction to study the design and building methods.

Prerequisite: Industrial Arts 112.

Laboratory fee, \$2.00.

#### 140. Industrial Arts Education.

Spring quarter. Three hours per week. Credit: three quarter hours.

The introduction to industrial arts education. Lectures, research, and visitations.

#### 231. General Shop.

Spring quarter. Three hours per week. Credit: three quarter hours.

This course is designed to stimulate correlation between shop activities and academic subjects. It plans to enlighten students who are preparing to teach academic subjects in methods of construction pertinent to their particular subject. Opportunity will be offered to work in wood, metal, concrete, leather, textiles, etc.

Laboratory fee, \$2.00.

#### 251. Industrial Arts for Elementary Teachers.

Offered every quarter. Three hours per week. Credit: three quarter hours.

This is a practical course in the use of tools and materials. Its purpose is the understanding of a valuable medium for the child's creative expression. All procedures are closely allied with the activities of the elementary school and are intended to develop a class-room method.

Laboratory fee, \$2.00.

#### 255. Construction and Repair of Equipment and Supplies for Physical Education.

Spring quarter. Three hours per week. Credit: three quarter hours.

This course is planned to give the necessary training in planning, construction, and maintenance of physical education equipment and supplies, and of playground equipment.

Laboratory fee, \$2.00.

**260. House Planning and Household Mechanics.**

Winter quarter. Three hours per week. Credit: three quarter hours.

A technical course dealing with the problems involved in the design, construction, and repair of houses. Includes a study of common building materials, repair of equipment, heating and ventilation, plumbing, lighting, and household safety.

Laboratory fee, \$2.00.

**265. Stagecraft.**

Fall quarter. Three hours per week. Credit: three quarter hours.

A course in play and carnival productions with stress on the technical elements. Theory and practical problems in the fields of stage costuming; design; and make-up.

Laboratory fee, \$2.00.

**266. Stagecraft.**

Winter quarter. Three hours per week. Credit: three quarter hours.

A continuation of 265 with stress on construction and painting of scenery; stage lighting; and organization of production crews and committees.

Laboratory fee, \$2.00.

**MATHEMATICS**

Mr. ReBarker, Mr. Cordrey, Miss Graham, and Miss Williams

**42. Arithmetic for Elementary Majors.**

Each quarter. Three hours per week. Credit: three quarter hours.

Required of primary and grammar-grade majors. The course deals with the following topics: reading and writing of numbers, fundamental processes with integers and fractions, aliquot parts, bills and accounts, ratio and proportion, denominate numbers, formulas, graphs, drawing to scale, and problem solving.

**57-58. Plane Trigonometry.**

Fall and Winter quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

The course includes the derivation and use of formulas, solution of the right triangle with natural and logarithmic

functions, solution of oblique triangles, functions of any angle, functions of two or more angles, inverse functions, and practical applications.

### 59. Solid Geometry.

Spring quarter. Three hours per week. Credit: three quarter hours.

Required of mathematics majors.

The course is comprised of the fundamental theorems, mensuration of surfaces and solids, and original exercises.

### 60-110. College Algebra.

Spring and Fall quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

A rapid review of high school algebra is given; also a study of systems of quadratic equations, functions, graphs, complex numbers, progressions, permutations, and combinations, probability, theory of equations, binomial theorem, mathematical induction, and determinants.

### 121-122. Plane Analytic Geometry.

Winter and Spring quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

Prerequisite: Mathematics 57, 58, 59, 60, and 110.

A study of rectangular coordinates, loci, the straight line, the circle, polar coordinates, conic sections, transformation of coordinates, higher plane curves, and an introduction to coordinate geometry in space.

### 136. Arithmetic for Elementary Majors.

Each quarter. Three hours per week. Credit: three quarter hours.

Required of primary and grammar-grade majors.

Prerequisite: Mathematics 42.

The course is devoted to the study of percentage and its applications.

### 154. Arithmetic for High School Majors.

Each quarter. Three hours per week. Credit: three quarter hours.

Required of high school majors.

The course aims primarily to develop accuracy and facility in the integral and fractional processes, and the ability

to apply these processes to percentage and its application, mensuration, denominate numbers, ratio and proportion, business forms, and problem solving.

### 156. General Mathematics.

Each quarter. Three hours per week. Credit: three quarter hours.

Required of all students except mathematics and home economics majors.

Prerequisite: Mathematics 42 and 136, or 154.

The course is designed to give a general knowledge of some important phases of mathematics which are frequently used in social, industrial, business, and professional life. It includes a study of formulas, graphs, time-rates, mathematical forms and designs, intuitive development of common mathematics principles, common logarithms, slide rule, trigonometry of the right triangle, variation, and functions.

### 210. Teaching of Grammar-Grade Arithmetic.

Each quarter. Three hours per week. Credit: three quarter hours.

Required of grammar-grade majors.

Prerequisite: Mathematics 42 and 136.

The course consists of a professional treatment of the subject matter of arithmetic for the grammar grades. Modern methods of teaching grammar-grade arithmetic are presented through a study of recent publications on the subject. The course also includes observations of the grammar grades in the laboratory school.

### 212. Teaching of Primary Arithmetic.

Each quarter. Three hours per week. Credit: three quarter hours.

Required of primary majors.

Prerequisite: Mathematics 42 and 136.

It is the purpose of this course to present the most modern methods of teaching primary arithmetic. The course consists of a study of the latest publications and courses of study in primary arithmetic, together with the findings of experimentation in the field of primary number work. The course also includes frequent observations in the laboratory school.

### 213, 214, 215. Differential and Integral Calculus.

Fall, Winter, and Spring quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

Prerequisite: Mathematics 121 and 122.

The course is devoted to the following topics: functions, theory of limits, differentiation, differentials, application of derivatives and differentials, integration, and the application of integrals.

## 216. Teaching of Senior High School Mathematics.

Spring quarter. Three hours per week. Credit: three quarter hours.

Required of mathematics majors.

A study of the teaching objectives of senior high school mathematics, organization of content, general and specific teaching techniques, testing, and the observation of teaching.

## 232-233. College Geometry.

Fall and Winter quarters. Three hours per week. Credit: three quarter hours each.

Required of mathematics majors.

Prerequisite: Mathematics 121 and 122.

The course includes a study of geometric construction, similar and homothetic figures; properties of the triangle including the circum-circle, medians, bisectors, and altitudes; transversals, harmonic properties of circles, and inversion. Many miscellaneous theorems and exercises are presented for solution.

## 245. Teaching Apprenticeship.

Each quarter. Five hours per week. Credit: three quarter hours.

The purpose of the course is to familiarize the student with class routine, general and specific teaching techniques in secondary mathematics, and principles of teaching, through directed observation, preparation of materials, and participation. A high school class in mathematics will serve as a laboratory for the course.

## 272. Field Work in Mathematics.

Spring quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Mathematics 57 and 58, or 156.

The purpose of the course is to teach the significance and the use of the slide rule, plane table, level, sextant, and the transit through participation in activities involving the utilization of these instruments.

**315. Observation and Practice Teaching.**

One quarter. Nine hours per week. Credit: six quarter hours.

Required of mathematics majors.

**318. History of Elementary Mathematics.**

Fall quarter. Three hours per week. Credit: three quarter hours.

Required of mathematics majors.

Prerequisite: Mathematics 213, 214, and 215.

The course is designed to give a general view of the development of the elementary branches of mathematics: arithmetic, algebra, synthetic and analytic geometry, trigonometry, and calculus.

**319. Teaching of Junior High School Mathematics.**

Winter quarter. Three hours per week. Credit: three quarter hours.

Required of mathematics majors.

The teaching objectives of junior high school mathematics, organization of subject matter, analysis of textbooks and courses of study in junior high school mathematics, general and specific teaching techniques in junior high school mathematics, and the observation of teaching.

**325. History of Arithmetic.**

Each quarter. Three hours per week. Credit: three quarter hours.

Required of primary and grammar-grade majors.

Prerequisite: Mathematics 42 and 136, or 154.

A study of the history of the development of arithmetic as a science and as a school subject, with special emphasis on methods and devices through the application of which the science of numbers has reached its present stage of development.

**400. Seminar.**

Three quarters. Two hours per week. Credit: six quarter hours.

Required of students writing theses in the field of the teaching of mathematics.

**425-426. Theory of Equations.**

Fall and Winter quarters. Three hours per week. Credit: three quarter hours each.

Prerequisite: Mathematics 213, 214, and 215.

A study of complex numbers, roots, geometric construction, cubic and quartic equations, graphs, isolation of real roots, solution of numerical equations, determinants, and symmetric functions.

**432-433. Differential Equations.**

Fall and winter quarters. Three hours per week. Credit: three quarter hours each.

Prerequisite: Mathematics 213, 214, and 215.

A study of ordinary differential equations of the first and second orders, and their application to elementary mechanics, with emphasis on geometric interpretation and application.

**442. Advanced Calculus.**

Spring quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Mathematics 213, 214, and 215.

A study of the definite integral as a sum and its applications, partial derivatives, development in series, and multiple integrals.

**443. Solid Analytic Geometry.**

Spring quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Mathematics 213, 214, and 215.

A study of coordinate geometry in space, the point, the line, the plane, surfaces of revolution, and quadratic surfaces.

**455. Readings and Research in the Teaching of Arithmetic.**

Fall quarter. Three hours per week. Credit: three quarter hours.

A study of the field of literature relating to the field of the teaching of arithmetic, with special emphasis on educational research in the teaching of arithmetic.

**456. Readings and Research in the Teaching of Secondary Mathematics.**

Winter quarter. Three hours per week. Credit: three quarter hours.

A study of educational literature relating to the field of the teaching of secondary mathematics with special emphasis on research in this field.

**465. Educational Statistics.**

One quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Education 330.

(See Education 430.)

**MUSIC EDUCATION**

Mr. Tabor, Mr. Dittmer, Miss Gorrell, and Miss Kuykendall

The purpose of the Department of Music Education is three-fold:

1. To meet the needs for competent Vocal and Instrumental Teachers of Music in the state of North Carolina and its surrounding territory. This need will be met by presenting, to students with a native musical talent, a complete and well rounded curriculum in Music Education.
2. To meet the music needs of students majoring in the fields of Elementary Education.
3. To meet the musical needs of all students who desire to broaden their cultural background through the arts.

**10. Theory.**

Fall quarter. Three hours per week. Credit: three quarter hours.

Aim: To provide the student with a thorough understanding of music fundamentals.

Topics: Essentials of music notation; solfeggio; sight-singing and ear-training through the use of rote songs to be used in the public schools, simple dictation and harmonization.

**11. Theory.**

Winter quarter. Three hours per week. Credit: three quarter hours.

Prerequisite: Music 10.

**12. Corrective Speech.**

Every quarter. Three hours per week. Credit: three quarter hours.

Aim: To analyze and to correct, through the use of class members, speech difficulties.

This course is based upon the principles of good singing.

Topics: Voice modulation, nasal voice, throat tone, correct breathing in speaking, single and double vowels, voiced and voiceless consonants, articulation, enunciation, and pronunciation.

### 15. Advanced Theory.

Spring quarter. Three hours per week. Credit: three quarter hours.

This course is a suggested elective for all Music Majors. Prerequisites: Music 10 and 11.

### 106. Acquaintance with the Literature of Music.

Fall quarter. Two hours per week. Credit: two quarter hours.

A survey of the musical literature from the various historical periods in music; a study of outstanding composers and examples of their compositions; development of vocal and instrumental forms; listening lesson through programs by radio, piano, phonograph and local concerts; creative music; original melodies and dances; song interpretation.

### 107. History of Musical Development.

Winter quarter. Two hours per week. Credit: two quarter hours.

A study of the characteristics of the various historical periods in music. Development of Song form; Sonata Symphony; chamber Music; Opera; Modern Music tendencies. Music in its relation to peoples of the earth. Folk Songs and Dances of the various countries with illustrations.

### 110. Harmony.

Fall quarter. Two hours each week. Credit: two quarter hours.

Aim: To provide the music major with a thorough working knowledge of harmonic problems.

Topics: Study of scales, intervals, construction of triads in major and minor modes with inversions of the common chords and seventh chords—Two, three, and four part writing, modulation and simple analysis with keyboard practice.

**111. Harmony.**

Winter quarter. Two hours each week. Credit: two quarter hours.

Prerequisite: Music 110.

**112. Harmony.**

Spring quarter. Two hours each week. Credit: two quarter hours.

Prerequisite: Music 111.

**113. Orchestration and Composition.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Arranging for orchestra, band, and small instrumental groups. Instrument ranges, tone qualities, and best usages in orchestration. Principles of composition for choral and instrumental groups.

**118. Music in the Home.**

Every quarter. Three hours per week. Credit: three quarter hours.

**202. Music Education in the Primary Grades.**

Every quarter. Three hours per week. Credit: three quarter hours.

A study and interpretation of rote song repertory; correction of monotone tendencies; musical experiences of primary children; child voice and its care; creative music; change from rote to note; music in its relation to the primary school curriculum. Observation in the laboratory school.

**203. Music Education in the Grammar Grades.**

Every quarter. Three hours per week. Credit: three quarter hours. Credited as Education.

A study and selection of musical literature for grammar grades: Folk songs, two and three part songs, orchestral instruments, program selection, radio and concert; child voice; changing boy voice—introduction of Bass Clef—music in its relation to the Grammar-Grade curriculum. Observation in the laboratory school.

**204. Music Education in the Junior and Senior High School.**

Every quarter. Three hours per week. Credit: three quarter hours.

Topics: Theoretical courses for high schools: theory, harmony, history, and appreciation; music clubs as extra curricula activities; chapel programs and assembly singing; applied music in the high school; orchestra (seating, rehearsals, programs); band (seating, rehearsals, programs); choruses (seating, rehearsals, programs); piano and instrumental group instruction in the high school.

### 205. Conducting.

Fall quarter. Two hours per week. Credit: two quarter hours.

Study of the fundamentals of choral and orchestral conducting. The technique of the baton; theory and practical experiences with college organizations will be provided music majors.

A study of musical literature for the entire family. Compositions suited to the various ages. Musical instruments and their place in family life. Books on music which will add to family enjoyment. Reproduced music in the home. Elective for all students, including music majors.

### 208. Musical Tests.

Winter quarter. Two hours per week. Credit: two quarter hours.

A study of the various batteries of music tests available; with practical experience in presentation, analysis, and implications.

Prerequisites: Music Ed. 10, 11, 110, 111, 112.

### 209. Materials and Application in Instrumental Group Instruction.

Spring quarter. Two hours per week. Credit: two quarter hours.

A course offering practical application of materials for instrumental group instruction; beginning bands, orchestras, and smaller instrumental combinations.

Prerequisites: Music Ed. 10, 11, 110, 111, 112, 205, Group 121 A, B, C.

### 210. Harmony.

Fall quarter. Two hours each week. Credit: two quarter hours.

A study of advanced harmony including modulation, chromatic alterations, ornamental tones and advanced analysis.

Prerequisite: Music 112.

### 211. Music and Its Relation to the Elementary School Child.

Every quarter. Three hours per week. Credit: three quarter hours.

A study of the musical experiences of elementary school children and the materials available; rote song repertory; sight singing; unison, two and three part song; child voice and its potentialities; correction of monotone tendencies; music literature for the elementary child; Music in its relation to the Elementary school. Observation in the laboratory school.

### 212. Creative Music.

Spring quarter. Three hours per week. Credit: three quarter hours.

A practical course in instrumental construction. Presented jointly by the Industrial Arts and Music Education Departments. Projects in instrumental construction for the public schools are presented by the students.

Elective for all students.

Credited as Industrial Arts 231.

### 302. Music Experiences in the Public Schools.

Every quarter. Three hours per week. Credit: three quarter hours.

Observation and discussion of practical music experiences encountered in the public schools.

Elective for all students.

### 324. Observation and Supervised Teaching.

Every quarter. Nine hours per week. Credit: six quarter hours.

Two quarters of practice teaching are required of all music majors. The student may elect to do both quarters in the elementary school or one quarter in elementary school and one in the high school. Combination majors with music as a second high-school major will be required to do one quarter of practice teaching in music and one quarter in the other major field.

This course is credited as Education 324Mu.

### 306. Musical Literature and Its Historical Development.

Every quarter. Three hours per week. Credit: three quarter hours.

A course designed for students desiring a general knowl-

edge of musical literature. A study of musical literature, ancient and modern, in its relation to man; acquaintance with outstanding composers and their compositions; survey of available radio and community programs; attendance at all available concerts is required.

Not open to music majors.

### **APPLIED MUSIC: INDIVIDUAL INSTRUCTION**

Major Choice

Piano, Voice, or Orchestra Instrument

Courses in Applied Music are open to all College Students. Entrance to advanced courses by examination and consent of the instructor.

All individual instruction carries with it a fee of \$7.00 per quarter for two half-hour lessons per week.

#### **30A, 30B, 30C. Piano.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Hand position; fundamental touches; general posture; scale and arpeggio work; development of technic throughout the course; stressing of time and rhythm; studies and pieces suited to the individual student.

#### **130A, 130B, 130C. Piano.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 30A, 30B, 30C.

#### **230A, 230B, 230C. Piano.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 130A, 130B, 130C.

#### **330A, 330B, 330C. Piano.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 230A, 230B, 230C.

#### **40A, 40B, 40C. Voice.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

The course presents the fundamentals of voice production: posture breathing, tone production, vowel and consonant placement.

Texts: Sieber, Concone, Vaccai.

**140A, 140B, 140C. Voice.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 40A, 40B, 40C.

**240A, 240B, 240C. Voice.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 140A, 140B, 140C.

**340A, 340B, 340C. Voice.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 240A, 240B, 240C.

**50A, 50B, 50C. Violin.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

This course is a foundation of violin technique. A study of fingering and bowing in first position.

**150A, 150B, 150C. Violin.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 50A, 50B, 50C.

**250A, 250B, 250C. Violin.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 150A, 150B, 150C.

**350A, 350B, 350C. Violin.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 250A, 250B, 250C.

**51A, 51B, 51C. Cello.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

A study of elementary cello technique; fingering and bowing in first position.

**151A, 151B, 151C. Cello.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: 51A, 51B, 51C.

**251A, 251B, 251C. Cello.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter each.

Prerequisite: Music 151A, 151B, 151C.

**351A, 351B, 351C. Cello.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 251A, 251B, 251C.

**53A, 53B, 53C. Trumpet.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

A study of tone production and playing technique for the beginning student.

**153A, 153B, 153C. Trumpet.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 53A, 53B, 53C.

**253A, 253B, 253C. Trumpet.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 153A, 153B, 153C.

**353A, 353B, 353C. Trumpet.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 253A, 253B, 253C.

**54A, 54B, 54C. Trombone.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

A study of the production and slide positions for the beginning student.

**154A, 154B, 154C. Trombone.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 54A, 54B, 54C.

**254A, 254B, 254C. Trombone.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 154A, 154B, 154C.

**354A, 354B, 354C. Trombone.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 254A, 254B, 254C.

**56A, 56B, 56C. Clarinet.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

A study of tone production and playing technique for the beginning student.

**156A, 156B, 156C. Clarinet.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter each.

Prerequisite: Music 56A, 56B, 56C.

**256A, 256B, 256C. Clarinet.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Prerequisite: Music 156A, 156B, 156C.

**356A, 356B, 356C. Clarinet.**

Fall, winter, and spring quarters. One hour per week.

Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 256A, 256B, 256C.

**57A, 57B, 58C. Saxophone.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

A student may select any of the saxophone family.

A study of the tone production and playing technique for the beginning student.

**157A, 157B, 157C. Saxophone.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 57A, 57B, 57C.

**257A, 257B, 257C. Saxophone.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Prerequisite: Music 157A, 157B, 157C.

**357A, 357B, 357C. Saxophone.**

Fall, winter, and spring quarters. One hour per week.  
Credit: one quarter hour each.

Public recital before graduation is required of music majors.

Prerequisite: Music 257A, 257B, 257C.

**APPLIED MUSIC—GROUP INSTRUCTION****Group 100A. Piano Group.**

Fall quarter. Two hours per week. Credit: two quarter hours.

An orientation course in piano technique, leading, through simple selections, toward the mastery of simple accompaniments.

**Group 100B. Piano Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 100A.

**Group 100C. Piano Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 100A, 100B.

**Group 101A. Voice Group.**

Fall quarter. Two hours per week. Credit: two quarter hours.

An orientation course in vocal technique leading to a mastery of the fundamental principles of good voice production:

Topics: stage presence; breath control; vowel formation; consonant formation; tone production; resonance; the head voice; interpretations.

#### **Group 101B. Voice Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 101A.

#### **Group 101C. Voice Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 101A, 101B.

#### **Group 121A. Instrumental Group.**

Fall quarter. Two hours per week. Credit: two quarter hours.

A practical course in learning the technique of tone production and pitch variation of the orchestral instruments. Two instructors will have charge of this class and students will have an opportunity to play together in ensemble formation simple exercises and harmonies.

#### **Group 121B. Instrumental Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 121A.

#### **Group 121C. Instrumental Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 121A, 121B.

#### **Group 200A. Piano Group.**

Fall quarter. Two hours per week. Credit: two quarter hours.

An advanced course in piano group instruction.

Prerequisite: Group 100A, 100B, 100C, or equivalent.

#### **Group 200B. Piano Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 200A.

**Group 200C. Piano Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 200A, 200B.

**Group 201A. Voice Group.**

Fall quarter. Two quarter hours. Credit: two quarter hours.

An advanced course in Vocal group instruction.

Prerequisite: Group 101A, 101B, 101C or equivalent.

**Group 201B. Voice Group.**

Winter quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 201A.

**Group 201C. Voice Group.**

Spring quarter. Two hours per week. Credit: two quarter hours.

Prerequisite: Group 201A, 201B.

**MUSICAL ORGANIZATIONS\*****272. Girls Glee Club.**

Every quarter. Two hours per week. Credit: one quarter hour.

A study and production of standard choral works for female voices.

Prerequisite: an acceptable singing voice.

Laboratory fee, \$.50.

**273. Boys Glee Club.**

Every quarter. Two hours per week. Credit: one quarter hour.

A study and production of standard choral works for male voices.

Prerequisite: an acceptable singing voice.

Laboratory fee, \$.50.

**281. College Band.**

Every quarter. One rehearsal per week. Credit: one quarter hour.

---

\*All music majors are expected to participate in all musical organizations for which they are prepared, without credit.

A study and production of standard works for band.  
Prerequisite: the ability to play a band instrument.  
Laboratory fee, \$.50.

## 282. College Orchestra.

Every quarter. One rehearsal per week. Credit: one quarter hour.

A study and production of classical orchestral compositions. Prerequisite: the ability to play an orchestra instrument.

Laboratory fee, \$.50.

## 370. Advanced Chorus.

Every quarter. Two hours per week. Credit: one quarter hour.

A selected group from 272 and 273.

A study and production of advanced classical compositions for mixed voices.

Laboratory fee, \$.50.

## \*380. Instrumental Ensemble.

Every quarter. Rehearsal hours arranged. Credit: two quarter hours.

A study and production of compositions for various instrumental combinations.

Prerequisite: the ability to read and play advanced instrumental compositions.

Laboratory fee, \$.50.

## NATURAL SCIENCE

### BIOLOGY

Mr. Slay, Miss Spangler, Mr. Stull, Miss Caughey, Mr. Brandt,  
and Mr. Reynolds.

## 23, 24, 25. Elements of Biology.

Fall, winter, and spring quarters. Two lectures and two hours of laboratory work per week. Credit: three quarter hours each.

These are courses in practical biology intended to acquaint the student with the biological principles concerning man and his environment.

Laboratory fee, \$2.00 per quarter.

---

\*A fee of \$1.00 per quarter will be charged for all instruments furnished by the College.

**34, 35, 36. General Biology.**

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours each.

These are courses in general biology intended to give the student an understanding of the fundamental processes of life. They include a study of the problems of reproduction and heredity and a study of the biological relationships between plants and animals, including man.

Laboratory fee, \$2.00 per quarter.

**111. Zoology (Invertebrate).**

Fall quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

A survey of the invertebrates with a detailed study of representative forms.

Prerequisites: Biology 34, 35, 36 or their equivalent.

Laboratory fee, \$2.00.

**112. Zoology (Vertebrate).**

Winter quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

This course includes a study of the simpler chordate animals, a study of a representative series of vertebrate animals, and the detailed study of one mammal.

Prerequisites: Biology 34, 35, 36 or their equivalent.

Laboratory fee, \$2.00.

**113. Human Physiology.**

Winter quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

This course consists of lectures and laboratory work dealing with the following systems of organs, skeletal, muscular, digestive, respiratory, circulatory, excretory, nervous, and reproductive.

Prerequisite: Biology 34, 35, 36 and Chemistry 44, 45, 46 or their equivalents.

Laboratory fee, \$2.00.

**206. Nature Study.**

Fall and spring quarters. Four hours per week. Credit: three quarter hours.

A study is made of the common flowers, trees, insects, birds, and other animals.

Nature literature and field work supplement the lectures.

**212, 213. Botany.**

Fall and winter quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours each.

Fundamental plant studies. Structure, growth, and physiology of seed plants, and morphology and development of the four major groups of the plant kingdom.

Prerequisites: Biology 34, 35, 36 or their equivalent.

Laboratory fee, \$2.00 per quarter.

**214. Botany.**

Spring quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

Physiology and ecology of seed plants with special emphasis on growth and horticultural applications.

Prerequisites: Biology 212, 213 or their equivalent.

**240. Field Zoology.**

Two lectures and four hours of laboratory work or field excursions per week. Credit: four quarter hours.

This course is planned to develop an intelligent field knowledge of eastern North Carolina animals in order that teachers may make better use of the environment in teaching. Excursions to typical habitats for the purpose of collecting and identifying animals and studying the ecological conditions under which they live.

Prerequisite: A year of Biology or equivalent.

**310. Bacteriology.**

Spring quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

This course includes a study of yeast, mold, and bacteria with special emphasis on bacteria in their more intimate relations to man.

Prerequisites: Biology 34, 35, 36 or equivalent, and Chemistry 44, 45, 46.

Laboratory fee, \$2.00.

**325. Animal Ecology.**

Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

A study of the relationships of animals to each other, to plants and to physical factors in their environment.

Prerequisite: a year of Biology.

Laboratory fee, \$2.00.

**330. Heredity.**

Spring quarter. Three hours of lecture per week and two hours of laboratory work per week optional. Credit: three or four quarter hours.

A study of the laws of heredity and their application in evolution and eugenics. The laboratory work includes experiments with the fruit fly, *Drosophila melanogaster*. Prerequisites: Biology 34, 35, 36 or their equivalent or consent of instructor.

Open to graduate students.

**350. Histology.**

Fall quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

Slides of plant and animal tissues are prepared. Students learn to identify plant and animal tissues from these slides. Students are given the opportunity of preparing a collection of slides for their own use.

Prerequisite: At least two years of college biology.

Open to graduate students.

Laboratory fee, \$2.00.

**360. Embryology.**

Winter quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

The early development of the vertebrates is studied, including the formation of the systems of organs. The development of some one vertebrate is studied in the laboratory. Slides showing this development are prepared by the students.

Prerequisite: Two years of college biology.

Open to graduate students.

Laboratory fee, \$2.00.

**370. History of Biology.**

Three hours per week. Credit: three quarter hours.

Lectures, readings, and reports.

A study of the development of modern biological concepts and theories with a consideration of the contributions made by the great biologists of all ages.

**CHEMISTRY****44, 45, 46. General Chemistry.**

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours each.

These courses are designed for students who wish to gain a broad knowledge of the more interesting phases of the subject. Recommended for students who plan to teach in secondary schools.

Laboratory fee, \$2.00 per quarter and breakage.

#### 54, 55, 56. General Inorganic Chemistry.

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours each.

Course in which emphasis is placed upon the theoretical phases of the subject. Recommended for pre-medical and pre-dental students, and for those who plan to major in chemistry.

Laboratory fee, \$2.00 per quarter and breakage.

#### 120. Semi-Micro Qualitative Analysis.

One lecture and six hours of laboratory work per week. Credit: four quarter hours.

The analysis of simple ores, alloys, and industrial products.

Prerequisites: Chemistry 44, 45, 46 or 54, 55, 56.

Laboratory fee, \$2.00 and breakage.

#### 121. Gravimetric Analysis.

One lecture and six hours of laboratory work per week. Credit: four quarter hours.

Introduction to gravimetric methods of analysis, together with advanced work in stoichiometry.

Prerequisites: Chemistry 44, 45, 46 or 54, 55, 56.

Laboratory fee, \$2.00 and breakage.

#### 122. Volumetric Analysis.

One lecture and six hours of laboratory work per week. Credit: four quarter hours.

Presentation of volumetric methods of analysis, and the underlying theory.

Prerequisite: Chemistry 121.

Laboratory fee, \$2.00 and breakage.

#### 203. Introduction to Biochemistry.

Winter quarter. Three hours per week. Credit: three quarter hours.

This course includes a study of food manufacture by plants, food classification, sources, and utilization by the

human body. The course is non-technical in character and can be taken by students without previous training in chemistry.

Open to all students.

**207, 208, 209. Organic Chemistry.**

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours each.

These courses include a study of the principal compounds of both the aliphatic and the aromatic series, emphasizing those compounds which relate to foods, fuels, and other household uses.

Laboratory fee, \$2.00 per quarter and breakage.

**210. Household Chemistry.**

Spring quarter. One lecture and four hours of laboratory work per week. Credit: three quarter hours.

Elective.

This course includes a study of chemistry that relates to the household. Emphasis is placed on the following topics: atmosphere and ventilation, water, metals, fuels, foods, leavening agents, cleansing agents, disinfectants, and preservatives.

Laboratory fee, \$2.00 and breakage.

**300, 301, 302. Physical Chemistry.**

Fall, winter, and spring quarters. Three lectures per week. Credit: three quarter hours each.

Introduction to theoretical chemistry including the fundamental laws and concepts.

Prerequisites: Chemistry 44, 45, 46 or 54, 55, 56.

**309. Physiological Chemistry.**

Winter quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

Elective.

This course includes a study of the body processes of respiration, circulation, digestion, absorption, metabolism, excretion, and coordination. Designed especially for home economics students but open to all who have had the necessary prerequisites.

Prerequisites: 44, 45, 46, 207, 208, 209 or their equivalents.

Open to all graduate students.

Laboratory fee, \$2.00 and breakage.

**312. Food Chemistry.**

Spring quarter. Two lectures and four hours of laboratory work per week. Credit: four quarter hours.

Elective.

Open to students who have had chemistry 44, 45, 46, 207, 208, and 209 or their equivalents.

A course designed to accompany a more advanced study of foods. Food classification, analysis, detection of adulterants, and tests for the detection of specific foods.

Open to graduate students.

Laboratory fee, \$2.00 and breakage.

**320. History of Chemistry.**

Winter and spring quarters. Three lectures per week. Credit: three quarter hours.

A general survey of the development of the science of chemistry in its proper historical setting. Emphasis is placed on the lives and contributions of some of the greater characters of chemistry.

Prerequisites: Chemistry 44, 45, 46 or 54, 55, 56.

### HEALTH

**100. Personal Hygiene.**

Three hours per week. Credit: three quarter hours.

The study of hygiene as a means of improving and conserving health and efficiency.

Lectures and class discussions on the relation of diet, exercise, sleep, bathing, clothing, etc., to our daily work.

**105. School and Community Hygiene.**

Winter quarter. Three hours per week. Credit: three quarter hours.

The study of hygiene as applied to school and community activities. This includes the care of buildings and grounds, water supply, control of epidemics, proper heating and ventilation of buildings, and inspection of foods.

### PHYSICS

**180. Physics—Sound.**

Fall quarter. Three hours per week. Credit: three quarter hours.

An elementary course in physics for music students. This course deals with the scientific principles of musical sounds, acoustics, and the mathematical basis of scale formation. Open to music majors only.

**215, 216, 217. General Physics.**

Fall, winter, and spring quarters. Two lectures and four hours of laboratory work per week. Credit: four quarter hours each.

Courses of lectures, recitations, and individual laboratory work covering the divisions of mechanics, heat, light, sound, magnetism, and electricity. The purpose of the courses is to acquaint the student with physical terms and quantities and an appreciation of the laws that underlie physical science.

Laboratory fee, \$2.00 per quarter.

**218, 219. Household Physics.**

Winter and spring quarters. Two lectures and two hours of laboratory work per week. Credit: three quarter hours each.

Open to all students of sophomore standing.

A study of laboratory projects in physics with special application to household uses, emphasis being placed on the study of heating systems, electrical appliances in the home, water supply, illumination, heat conduction, etc. Laboratory fee, \$2.00 per quarter.

**340. History of Physics.**

Three hours per week. Credit: three quarter hours.

A study of the development of physics as a science and as a school subject, with special emphasis on the periodic trends in physics in relation to changes in the social order.

**PHYSICAL SCIENCE****171, 172, 173. General Science.**

Fall, winter, and spring quarters. Three hours per week. Credit: three quarter hours each.

A survey course in general science designed to meet the needs (1) of those students who desire a fundamental knowledge of scientific principles, and (2) for those students planning to teach general science in high school. Open to all students.

**200. Mineralogy.**

Winter quarter. Three hours per week. Credit: three quarter hours.

This course includes a study of the more common miner-

als. Emphasis is placed on the commercial use of minerals in everyday life.

Open to students of sophomore or junior standing.

### 316 (116). Descriptive Astronomy.

Fall quarter. Three hours per week. Credit: three quarter hours.

This course includes a descriptive study of the heavenly bodies and their relation to man and his daily activities.

This course is open to all students of junior standing.

## SCIENCE EDUCATION

### 223a. Materials and Methods in Senior High School Science.

Three hours per week. Credit: three quarter hours.

This course includes lectures, demonstrations, and class discussions on the materials and methods used in the teaching of science in the Senior high school.

### 223b. Materials and Methods in Junior High School Science.

Three hours per week. Credit: three quarter hours.

This course includes lectures, demonstrations, and class discussions on the materials and methods used in the teaching of science in the junior high school.

### 223c. Materials and Methods in Elementary Science.

Winter quarter. Three hours per week. Credit: three quarter hours.

This course consists of lectures, demonstrations, and class discussions on the materials and methods used in the teaching of elementary science.

### 230. Educational Biology.

Fall quarter. Three hours per week. Credit: three quarter hours.

Prerequisites: A year of Biological Science, General Psychology, and Educational Psychology.

### 322. a.b.c. Apprenticeship Science.

Fall, winter, and spring quarters. Credit: three quarter hours.

Open to science majors of junior or senior standing.

**324. Observation and Supervised Teaching.**

One quarter. Nine hours per week. Credit: six quarter hours.

**400. a.b.c. Seminar in Science Education.**

Two hours per week. Three quarters. Credit: six quarter hours.

Required of all candidates for the Master's Degree who elect Science as a major.

(See Education 400 a.b.c.)

**420. Investigations in Elementary Science.**

Three hours per week. Credit: three quarter hours.

A course designed to offer opportunities for special investigations in the field of elementary science.

**430. The Teaching of General Science in Secondary Schools.**

Fall quarter. Three hours per week. Credit: three quarter hours.

This course deals with content, methods, laboratory work, equipment, textbooks, tests, and reference readings of the introductory course in high school science. Attention will be given to the special studies made in the field of general science.

**440. Teaching of the Biological Sciences in Secondary Schools.**

Fall quarter. Three hours per week. Credit: three quarter hours.

This course deals with the content, methods, laboratory work, equipment, textbooks, tests, and reference readings of the high school course in biology. Attention is given to the special studies made in the field of the high school biological studies.

**455. Experimental Evaluations in Science Education.**

Three hours per week. Credit: three quarter hours.

This course deals with the evaluation of science texts and reference material; classroom and laboratory equipment; and the coordination of the various sciences.

**465. Current Problems in Science Education.**

Three hours per week. Credit: three quarter hours.

This course deals with the current investigations in science education; critical evaluations of techniques, materials, results, and conclusions.

**475. Historical Development of School Science.**

Three hours per week. Credit: three quarter hours.

This course traces the development of the study of science from its early stages to the present time. Special emphasis is placed upon the development of the present day secondary school sciences.

**PHYSICAL EDUCATION**

Mr. Hankner, Mr. Gilbert, and Miss Norton

The aim of Physical Education in the College is two-fold: first, to bring about normal growth and development, the conservation of health, and the neuro-muscular control required for prompt and accurate response; second, to inspire the student teachers to work toward maximum physical and mental fitness of the children of North Carolina.

In short, if Physical Education may insure physical efficiency, mental sanity, and a healthful and intelligent interest in a life-long practice of all forms of activities which stimulate them, it has fulfilled its purpose.

Where physical disability makes it advisable not to participate in the regularly organized class activities, work in a corrective class, depending on the needs of the student, is prescribed. No one is excused from this requirement.

A gymnasium uniform is required of every girl taking Physical Education. This may be bought at the Stationery Room after entering college.

### 15. Fieldball, Softball, and Baseball.

Three hours per week. Credit: one quarter hour.

This course covers the playing fundamentals of fieldball.

### 16. Orientation in Physical Education.

Three hours per week. Credit: one quarter hour.

The object of this course is to familiarize the student with the health, recreational, and educational potentialities of Physical Education as it applies to present day educational practices.

### 21. Fundamentals of Tennis.

Three hours per week. Credit: one quarter hour.

The object of this course is to familiarize the student with the fundamentals and elementary principles underlying tennis as a recreational and competitive game.

Laboratory fee, \$2.00.

### 22. Fencing.

Three hours per week. Credit: one quarter hour.

This course is to familiarize the student with the fundamentals of fencing and the use and care of fencing equipment.

Laboratory fee, \$1.00.

**23. Group Activities.**

Three hours per week. Credit: one quarter hour.

The handling of group games and activities suitable for playground and camp with limited equipment is the aim of this course.

**24. Elementary Field Hockey.**

Three hours per week. Credit: one quarter hour.

Fundamentals of field hockey are stressed and a playing knowledge of the game taught together with the elementary coaching points.

**25. Elementary Individual Activities.**

Three hours per week. Credit: one quarter hour.

The purpose of this course is to familiarize the individual with those activities best fitted to his specific needs as regards to health, posture, and body control.

**26. Intermediate Individual Activities.**

Three hours per week. Credit: one quarter hour.

A continuation of Ph. Ed. 25.

**27. Advanced Individual Activities.**

Three hours per week. Credit: one quarter hour.

A continuation of Ph. Ed. 26.

**28. Elementary Football.**

Five hours per week. Credit: one quarter hour.

The purpose of this course is to familiarize the individual with the fundamental essentials of football.

**29. Elementary Baseball.**

Five hours per week. Credit: one quarter hour.

The purpose of this course is to familiarize the individual with the fundamental essentials of baseball.

**31. Boxing.**

Three hours per week. Credit: one quarter hour.

Methods of caring for injuries and applying first aid to the injured, together with methods of preventing injuries and accidents form the basis of this course.  
Demonstrated by the students.

**227. Playground Supervision.**

Three hours per week. Credit: three quarter hours.  
The management and conduct of school and community playgrounds and the problems involved in such administration form the basis of this course. Large school and community playgrounds are visited and their work observed.  
Laboratory fee, \$2.00.

**228. Play and Recreation.**

Three hours per week. Credit: three quarter hours.  
A study of the theory and organization of play and recreation. Same as Social Science 207.  
Prerequisite: Junior standing.

**255. Construction and Repairs of Equipment and Supplies for Physical Education. Same as Industrial Arts.**

Three hours per week. Credit: three quarter hours.  
This course is planned to give the necessary training in planning, constructing, and maintaining equipment and supplies for Physical Education and playground activities.  
Laboratory fee, \$2.00.

**301. Tests and Measurements in Physical Education.**

Three hours per week. Credit: three quarter hours.  
A thorough study and an analysis of the various techniques and procedures as used in physical education for diagnostic, promotion, and rating purposes.

**302. The Organization and Supervision of Physical Education.**

Three hours per week. Credit: three quarter hours.

A study of the problems of organization and supervision of physical education at the various school levels. Teacher load, program planning, grading, and promotion are discussed. The duties of the supervisor and his relationship to the various administrative groups are studied.

**305. The Physical and Health Education Curriculum.**

Three hours per week. Credit: three quarter hours.

A careful study of the curriculum in health and physical education as it can be adapted to various age and ability levels; course planning for groups of varying abilities and interests and for varying environmental set-ups form the major part of the work.

**306. The Theory of Remedial Physical Education.**

Three hours per week. Credit: three quarter hours.

A thorough study of the various common remedial defects with suggestions for their correction.

**324 (A). Observation and Supervision of Teaching Physical Education in the Elementary Grades:**

Three lectures and one observation period per week. Credit: three quarter hours.

Observation of teaching and a study of teaching problems as they arise in classroom situations form the basis of this course. Actual teaching, lesson planning, and the care of necessary equipment and supplies needed in teaching required.

**324 (B). Observation and Supervised Teaching of Physical Education in the High School.**

Three hours lecture per week and six hours teaching required. Credit: six quarter hours.

Observation and practice teaching at the high school level; conferences, lesson plans, and the organization of equipment and supplies required.

**400 (A,B,C). Seminar in Physical Education.**

Three hours per week. Credit: two quarter hours each.

**401. Advanced Testing Activities.**

Three hours per week. Credit: three quarter hours.

A thorough study of current tests and measuring procedures in the field of physical education with special emphasis on the research and interpretive phases of the testing and measuring program.

**402. Problems in Physical Education.**

Three hours per week. Credit: three quarter hours.

An analysis and study of current problems in Ph. Ed. as apply to curriculum, content, and administration. Term paper and bibliography required.

**403. The Curriculum in Physical Education.**

Three hours per week. Credit: three quarter hours.

A thorough study of the current curriculum practices in physical education as related to modern educational theory and requirements. A study of the curriculum of the various Southern states with reference to student needs is made.

**404. Guidance and Student Adjustment Work in Physical Education.**

Three hours per week. Credit: three quarter hours.

A study of adjustment problems and guidance possibilities inherent in directed physical education. Special emphasis is placed upon adjusting the curriculum to meet the needs of handicapped and retarded cases.

**405. The Adult Program in Physical Education.**

Three hours per week. Credit: three quarter hours.

A study of the application of physical education principles and practices to adult needs in leisure and community recreation. Special attention is given to the development and planning of community adult programs.

**406. The History of Physical Education.**

Three hours per week. Credit: three quarter hours.

A study of the historical development and growth of the physical education movement from 1800 to present. The different phases of the physical education movement are studied in relation to their part in general educational trends.

**407 (A,B,C). The Administration of Physical Education and Extra Curricular Activities.**

Three hours per week. Credit: two quarter hours.

A study of the trends and accomplishments of well balanced athletic programs and extra-curricular activities as phases of the educational program.

**408. Problems in the Dance.**

Three hours per week. Credit: two quarter hours.

A thorough study of the dance as a contribution to physical education. Special emphasis on the origins, history, and trends of present day dance offerings.

**409. Visual Aids in Teaching.**

Three hours per week. Credit: two quarter hours.

A study of the application of visual aids to the improvement of teaching and the motivation of learning in the field of physical and health education.

**131. Elementary Basketball Coaching.**

Four hours per week. Credit: three quarter hours.

Designed for persons of limited experienced in basketball with emphasis on the elementary fundamentals of the games with particular stress on the coaching angles of the game.

**132. Elementary Football Coaching.**

Four hours per week. Credit: three quarter hours. Two hours of lecture and two hours of drill required per week.

The purpose of this course is to familiarize the individual with the elementary fundamentals and skills used in eleven and six man football. Attendance at varsity skull practice required of all students.

**133. Elementary Baseball Coaching.**

Four hours per week. Credit: three quarter hours.

The coaching of baseball with special emphasis on the elementary skills and techniques of the game. Intended for those who have not participated in the game as players. Actual drill on the field required for two hours weekly.

**GRADUATE INSTRUCTION**

1. Purpose. Graduate instruction is organized to provide for two classes of graduate students: first, those who wish to become candidates for the degree of Master of Arts, and second, those who wish to do work beyond the Bachelor's Degree without reference to a higher degree.

2. Administration. The administration and direction of graduate instruction is in charge of a Director of the Department of Graduate Instruction and a committee of five members of the faculty appointed by the president of the college.

3. Departments. (a) The departments offering graduate instruction must be approved by the Graduate Committee. (b) A minimum of three teachers in a department is required before a department will be acceptable to give graduate instruction.

4. Admission to Graduate Instruction. (a) To be admitted to graduate instruction, an applicant must hold a Bachelor's Degree from this college or some other A grade college. Provided that a student may be granted permission to do graduate work if he lacks not more than six quarter hours of having completed requirements for the Bachelor's Degree. (b) To be admitted to graduate instruction a student must have an average of "3" on all his undergraduate work. (c) A student to be admitted to graduate instruction must have met all undergraduate requirements for his major and minor departments.

5. Transcripts. Graduates from other institutions must present an official transcript of all high school and col-

lege work. This transcript must be filed with the Registrar of the College before the first enrollment.

6. Application. Written application for admission to do graduate work should be made to the Director of Graduate Instruction on blanks secured at his office.

Admission to graduate study is not equivalent to admission to candidacy for the degree of Master of Arts.

#### GENERAL INFORMATION

1. Major Department. Each graduate student should choose a major field and consult the director of graduate study in that department.

2. Minor Department. Each graduate student should choose a minor field of study. This should be chosen as nearly as possibly to supplement the student's work in the major field. A minimum of twelve quarter hours of work is required for a minor.

3. Enrollment. (a) Each graduate student is required to file with the Registrar of the College a schedule of courses approved by the director of graduate study in his major department. (b) A change in a student's schedule may be made in accord with general regulations of the College. (c) Courses numbered 300 to 399 may be taken by graduate students if they are designated as being open to graduate students in the catalogue. Courses numbered 400 or above are open to graduate students only.

4. Marks. Credit is given for Graduate Instruction only for marks "1", "2", and "3".

5. Transfer of Credit. A limited amount of acceptable graduate credit earned in a fully accredited institution may be offered to apply on the Master of Arts degree. Such credit is allowed only on the recommendation of the department or departments concerned and the approval of the Graduate Committee.

## REQUIREMENTS FOR THE DEGREE OF MASTER OF ARTS

1. Residence. At least three full quarters must be spent in residence, provided that nine quarter hours shall count as the minimum of work for one quarter in residence.

2. Course Requirements. Twenty-one quarter hours of work must be done in the major department and at least twelve quarter hours of work in the minor department. At least forty-two quarter hours of work must be completed, with no grade of less than a "3". Not more than fourteen quarter hours of work shall be taken in any quarter.

3. Admission to Candidacy. Each student must make application to the Director of Graduate Instruction for admission to candidacy not later than the last week of the quarter or summer session at the close of which the degree is to be conferred.

4. Thesis. Each student must present a typewritten thesis showing the result of an investigation of some educational problem related to his major field. The subject of the thesis must be approved by the heads of his major departments and the Graduate Committee at least two quarters before the degree is conferred. The thesis must be approved by the heads of the major and minor departments and by the Graduate Committee at least two weeks before the degree is conferred. One bound typewritten copy of the thesis must be filed with the librarian of the College and one copy must be filed with the department heads of his major before the degree is conferred.

No credit will be given for the seminar until after the thesis has been accepted.

5. Teaching Ability. Each student must satisfy the Graduate Committee as to his ability to teach. This may be done in either of two ways: (a) successful teaching experience, or (b) successful student teaching.
